

# ROUGHNECK PEST CONTROL

## Bedbug Treatment Site Preparation Instructions

---

Dear Customer,

To help us, help you it's imperative that you follow the instructions below to properly prepare your property prior to treating for Bedbugs. If you are unable or fail to perform the tasks outlined below, Roughneck can assist you, but there is an additional charge.

Your assistance in this matter is both greatly appreciated and in the end will save you money. Thank you.

### Bedrooms:

- ✓ Remove all linen from the bed(s) and wash.
- ✓ Remove mattress from top of box spring and place both mattress and box spring on their side (we will need to have access to area under the bed).
- ✓ Remove everything from headboard(s) and place in seal-able plastic bags. Place bags where they will not restrict access to bedroom.
- ✓ Remove all items from dresser/ vanity/ night stand/ *armoires* drawers and place in seal-able plastic bags. Place bags where they will not restrict access to bedroom. Remove all items from inside closets and place where they will not restrict access to the closet. Some suggest areas: basement, garage or bathroom.

### Living/Family Rooms:

- ✓ Roll up all "area" and "throw rugs" and place together in area where they can be treated. The garage or basement is suggested for this.
- ✓ Move all furniture at least two (2) feet away from the walls.
- ✓ Remove all items from coffee/end/sofa tables as well as bookshelves, hutches, tv stands, cd/dvd/tape cabinets and entertainment units and place in seal-able plastic bags. Place bags where they will not restrict access.

### Kitchen:

- ✓ Place all dishes, food (canned or boxed) into plastic bags and close tightly.
- ✓ Place the bags in the center of the kitchen or someplace where they will not interfere with service personnel accessing the cabinets and baseboards.
- ✓ Front areas of refrigerators and stoves will need three (3) feet of clearance.

ROUGHNECK PEST CONTROL  
Bedbug Treatment Site Preparation Instructions

---

**Bathroom:**

- ✓ Remove all medicines, toothbrushes, personal care products and place into plastic bags and close tightly.
  
- ✓ Place all plastic bags in the bathtub so as not to impede technicians

**Basements:**

- ✓ Move all clothing and stored items away from washer, dryer and sink areas.
  
- ✓ Move all items away from the walls at least 2 feet to provide access to the wall by the service technician.

**NOTE:** For seven (7) to ten (10) days following the treatment, you may notice an increase in pest activity. If this occurs do not be concerned. This is a result of the treatment driving the pests out of their nesting areas.

**NOTE: We strongly recommend that small children, the elderly, people with respiratory problems and pets vacate the premises during the treatment and remain away for at least two(2) hours after treatment completion.**
